

TRAVEL CHECKLIST

For Traveling with Your Pets to Mexico

IF FLYING: Check with your airline for their specific requirements.
Requirements may vary depending on the airline.

ENTERING MEXICO FROM THE US OR CANADA:

- No health certificate required
- Pet appears healthy, no open wounds or visible signs of parasites.
- Pet needs to be restrained in a crate or attached to a seatbelt (if driving)
- Pets may be subject to physical inspection upon arrival in Mexico

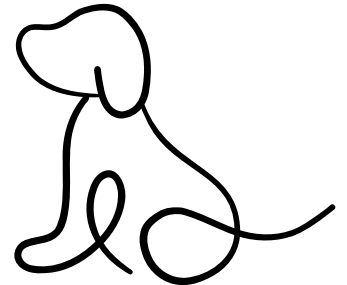

ENTERING CANADA FROM MEXICO:

- Current Rabies Vaccine (for dogs 3+ months old)
- Pet Appears Healthy
- Proof of ownership (or commercial import license if you are a rescue organization)

ENTERING THE US FROM MEXICO:

- Puppies must be at least 6 months of age
- CDC Dog Import Form receipt ([fill out the form online here](#)).
 - Good for 6 months/multiple entries.
 - Not necessary for cats.
- ISO Compliant Microchip (put the stickers on your pet's travel docs)
- Screwworm Certificate from a certified vet given within 5 days of travel.
 - Not required for cats.
 - [Vets certified for screwworm exam can be found here](#).

MAY ALSO BE REQUIRED BY AIRLINES:

- Vaccine record with rabies vaccine or booster dated 30+ days before travel
- Health Certificate dated within 5 days of travel.
- Copy of your Mexican vet's license
